

## Hemab Therapeutics Announces Pricing of Upsized Initial Public Offering

April 30, 2026

CAMBRIDGE, Mass. and COPENHAGEN, Denmark, April 30, 2026 (GLOBE NEWSWIRE) -- Hemab Therapeutics Holdings, Inc. (Nasdaq: COAG), a clinical-stage biotechnology company developing therapies that reimagine the treatment of blood coagulation disorders to sustain life and human resilience, today announced the pricing of its initial public offering of 16,750,000 shares of its common stock at a public offering price of \$18.00 per share. In addition, Hemab has granted the underwriters a 30-day option to purchase up to an additional 2,512,500 shares of common stock at the public offering price, less underwriting discounts and commissions. All of the shares of common stock are being offered by Hemab.

Hemab's common stock is expected to begin trading on the Nasdaq Global Select Market on Friday, May 1, 2026 under the ticker symbol "COAG." The gross proceeds of the offering, before deducting underwriting discounts and commissions and other offering expenses payable by Hemab, are expected to be approximately \$301.5 million, excluding any exercise of the underwriters' option to purchase additional shares. The offering is expected to close on or about May 4, 2026, subject to customary closing conditions.

Goldman Sachs & Co. LLC, Jefferies and Evercore ISI are acting as joint book-running managers for the offering. Wedbush PacGrow is acting as lead manager for the offering.

A registration statement relating to the securities being sold in the offering has been filed with the Securities and Exchange Commission and was declared effective on April 30, 2026.
